

MDOT CONSTRUCTION PROJECT INFORMATION

Date Submitted: August 19, 2011

Status: New Revised _____ Completed _____

Control Section & Project #: NH 82211 - 72409A

Project Description:

3.95 mi of concrete pavement reconstruction including storm sewer and watermain redesign, geometric improvements, and guardrail upgrades on M-85 from Sibley Road northerly to Cloverlawn Avenue, and bridge replacement on northbound and southbound M-85 over Sexton Kilfoil Drain in the cities of, Wayne County. This project includes a 5 year materials and workmanship pavement warranty

Roadway: M-85

Region/County: Metro Region; Wayne County

Closest City: Riverview, Southgate, Wyandotte, and Lincoln Park

Nature of Work: Concrete pavement reconstruction including storm sewer, watermain redesign and bridge replacement

Distance: 3.95 Miles

Estimated Start Date: August 29, 2011 (Traffic Control may be set mid week of August 22nd)

Est. Completion Date: All work complete excluding landscaping: October 1, 2013
Entire Contract complete: September 19, 2015

Traffic Impact: A minimum of two lanes of traffic shall be maintained on M-85 at all times and at least on lane in each direction on the major cross streets at all times. The speed on M-85 will be maintained at 35mph. No reduction shall occur on local cross streets. Vehicle Wide Load Restricted to 14ft. No work shall be performed and no lanes shall be closed during any Major Holiday periods or specified municipality special events.

Current Traffic Configuration: Beginning August 29, 2011, MDOT will be closing the following lanes:

1. NB right lane of M-85 from Pennsylvania to Eureka.
2. NB right 2 lanes for 1/2 mile from Goddard road to Sexton Bridge.
3. SB right 2 lanes for 1/2 mile from Goddard Road to Sexton Bridge.

Note estimated Start Date information

Detour: Two-way traffic shall be maintained at all times through major signalized intersections with the following exceptions:

1. Eureka Road through M-85 median will be closed and detoured in Stage 1. Detour will direct motorist to use M-85 crossovers immediately north and south of Intersection.
2. EB Goddard Road will be closed and detoured. Detour will directed EB motorist to use M-85 crossover immediately south of intersection to filter onto either Baumeys or 23rd St. Motorist may then access Goddard Road East.
3. Quarry Road may be closed and detoured in 2012. At intersection of Quarry and Pennsylvania Roads, the North leg leading onto M-85 will only be open to local traffic. Motorist wishing to access M-85 from Quarry Road will be directed so via Pennsylvania Road.
4. EB Sibley Road may be closed and detoured in Mid 2012 and Mid 2013. Detour will directed EB motorist to use M-85 crossover immediately south of intersection.
